

## Job Aid: Don Gloves

<http://www.who.int/gpsc/5may/Glove Use Information Leaflet.pdf>

1. Remove glove from original box
2. Touch glove only at wrist
3. Don first glove
4. Take second glove with bare hand; touch glove only at the wrist
5. Fold down edge of second glove to pull it on; do not touch your arm
6. Do not touch anything with gloved hands except patient or task needing gloves.
