

## Job Aid: Doff Gloves

<http://www.who.int/gpsc/5may/Glove Use Information Leaflet.pdf>

Using one gloved hand, grasp the outside of the other glove near the wrist.

Pull and peel the glove away from the hand.

Hold the removed glove in the hand that still is gloved.

Slide one or two fingers of the ungloved hand under the wrist of the remaining glove.

Peel the second glove off from the inside, creating a bag for both gloves.

Then, discard in the infectious waste container.
